

BSO Spotlight: Naval Air Systems Command

Mission

Deliver integrated air warfare capabilities to enable the fleet to compete, deter and win – tonight, tomorrow and in the future

Priorities

- 1) **Deliver Integrated Warfighting Capability:** *Providing the warfighter with air warfare capabilities to fight and win in every domain is our unqualified focus*
- 2) **Develop Our Workforce:** *Our professionalism is rooted in our ability to deliver what we promise*
- 3) **Strengthen Partnerships:** *We will build and expand our partnerships*

Focus Areas

- 1) **Speed:** *Our adversaries are outpacing us and we must deliver critical capabilities to enable a more powerful fleet in 2025, not 2045*
- 2) **Affordability:** *Fiscally constrained budgets are a reality within which we must successfully execute*
- 3) **Availability:** *We will be focused on fleet priorities and ensure the fleet has the warfighting capabilities available to employ and win tonight*
- 4) **Outcomes:** *Our focus is on outcomes that matter to the fleet*

Our Core Values

- 1) **Start with the Fleet:** *Focus on outcomes that matter to the Warfighter.*
- 2) **Change the Game:** *Be bold. Challenge assumptions. Innovate, learn and improve.*
- 3) **Win with Inclusion and Respect:** *Treat your teammates with dignity and respect—always. Support your teammates.*
